

IHSCGA, Inc.

2017 Rule Book

For the purposes of this document IHSCGA refers to the Indiana High School Color Guard Association, Inc.

A not-for-profit corporation registered with the State Of Indiana.

Our Mission

The Indiana High School Color Guard Association exists for the purpose of providing an arena in which Junior and Senior High School students in the State of Indiana may participate in, and experience the winter color guard activity.

IHSCGA has chosen competition as its method for organizing youth activities in pursuit of high standards of achievement. The IHSCGA recognizes that this activity takes place in a school setting; therefore education must be the primary focus. We are committed to inspire all of our participants to achieve high standards in every aspect of the activity.

ALL performers at an IHSCGA event will be required to wear protective footwear while outside the performance area.

1.0 ELIGIBILITY

1.1 All performers of any color guard competing in any IHSCGA class must be approved for participation by the principal of the sponsoring school. Each color guard shall submit a form signed by the authorizing school principal listing all approved participants of that school's color guard. The IHSCGA Scholastic Eligibility Certification form must be filed with the IHSCGA office by each color guard.

1.2.1 Color guards may combine students from multiple schools within their district provided the color guard competes under the name of a single school or the school district. Color guards may not combine names or use any other name. Combined color guards may only use students that are in their district and/or home-schooled students that would be zoned for those schools.

1.2.2 The IHSCGA Scholastic Eligibility Certification form must be signed by each principal of the schools involved.

1.2.3 A letter from the district superintendent that allows combining students from multiple schools within the district must be provided to the satisfaction of IHSCGA.

1.3 No guard member shall compete in more than one color guard at the same contest.

1.4 Color guards in the World class may not compete with less than five (5) nor more than forty (40) performers in the competition area at any time.

Units entered in the Cadet class are not subject to Rule 1.4 *** (There is no minimum limit or maximum limit for Cadet color guards.)

Any guard not competing in World Class or Cadet Class may not compete with less than five (5) nor more than thirty (30) performers in the competition area at any time.

1.5 Each competitive unit must compete in a minimum of three competitions to be eligible to compete in the IHSCGA State competitions. One of these may be a WGI Regional Event held prior to IHSCGA State competitions during that competitive season.

<p>PENALTY: Disqualification - Any color guard violating any requirement in the ELIGIBILITY Section shall be disqualified from that contest and must forfeit any scores, placements or awards.</p>

2.0 COMPETITION AREA

2.1 For the purpose of interpretation, the “competition area” shall measure a minimum of sixty by ninety (60’ x 90’) feet and does not include entry ramps, hallways, bleachers or seating area. Color guards are permitted to utilize the entire designated competition area for their performance. All performers must be in the designated competition area when performance time begins. Depending on the performance venue, IHSCGA will authorize additional competition area space whenever possible and include that information in the diagram (footprint) to be made available to all competing color guards to identify the competition area. While the competition area will be increased whenever possible, all color guards must be prepared to perform within the minimum sixty by ninety foot (60’ x 90’) area.

2.2 All IHSCGA contest sites must have a minimum of seventy by one hundred feet (70’ x 100’) to accommodate a “safety zone” of five (5) feet from any spectator seating. If no spectators are seated on the sides, then the safety zone may be measured from the left and right walls of the competition area. This will ensure the minimum sixty by ninety (60’ x 90’) foot competition area within the minimum seventy by one hundred feet (70’ x 100’) of the contest site.

2.3 Once performance timing begins, no performer may enter the safety zone. Equipment and props may be placed into safety zones, but not extend more than five (5’) feet beyond the designated competition area. There can be no equipment choreography outside the competition area including the safety zone.

2.4 The front boundary line shall be considered to extend the full width of the competition area and shall be clearly marked at a minimum of five (5’) feet from the first row of spectator seating.

<p>PENALTY: One-tenth (0.1) of a point penalty shall be assessed for each member for each boundary offense of violation of the “competition area”.</p>

2.5 The center of the front boundary line shall be marked by a six (6”) inch tape line at the front and back of the competition area. The outer edges of the competition area shall also be marked by six (6”) inch tape lines at the corners to designate the safety zone.

2.6 All floor coverings (tarps) must fit in the designated competition area at each particular contest site and cannot enter the safety zone.

2.7 110-volt grounded power sources shall be available at the front and back of the center line of the competition area. Color Guards must provide their own extension cords.

2.8 Power sources must be dedicated for color guard use only and have no other electrical devices using designated power sources.

2.9 All competitions will use a professional sound system and have a backup system on standby. Both tape decks and CD players will be available as sound sources. Sound system will have the capability to use external devices such as MP3 players and/or iPods. Color guards that use external devices in the sound system must have a representative at the sound table to adjust sound on the external devices.

4.0 EQUIPMENT

4.1 All equipment tips on rifles, flagpoles, and sabres must be padded or taped. The bottom of all props, flats and scenery made of wood, metal or PVC type plastic must be padded or taped so as not to damage the floor. Soft-soled shoes need no added protection. Hard-soled shoes must be taped.

Units using a floor covering/tarp must still follow these guidelines. Wheels on props must be rubber or taped plastic so as not to mar host school flooring.

PENALTY: Two (2) point penalty

4.2 Props, and/or authorized equipment may be utilized or placed in the competition area by color guard performers at any time during the “maximum performance time” (see timing for clarification Section 5.7) or may be placed in the competition area by other than performers prior to the start of competition. Authorized equipment and/or hand-held props may be placed in front of the front boundary not to exceed five (5) feet.

4.2 Definitions of authorized equipment:

4.2.1 Flags are defined as any material attached to a pike, pole, rod or staff other than an authorized weapon and used as a flag, with a minimum size of eight (8) inches by twelve (12) inches. National colors must be at least three (3) feet by five (5) feet. Flagpoles must be at least twenty-four (24) inches in length. (Curved and straight poles are acceptable; however, complete circles, squares, etc. to which material is attached are not flags. Material attached to chains, ropes or hoses are not considered flags.) The intent of this definition is to utilize a flag as a flag and not as a scenic element or a prop.

4.2.2 Rifles are defined as devices constructed so as to conform to the outward appearance of a military rifle past or present. Sights, slings, trigger, trigger housing, bolt and bolt levers are optional. Rifles must be at least twenty-four (24) inches in length.

4.2.3 Sabers/swords are defined as those weapons which are designed to be hand held for cutting, thrusting or slashing an enemy, with either a curved (saber) blade or a straight (sword) blade which may be constructed of wood, plastic, metal or any other suitable material. A cutting edge is not required. Simulated sabers/swords must have either a hand guard or a hilt and must be at least twenty-four (24) inches in length.

4.2.4 Authorized equipment may be modified by the addition of visual items, however, attaching a flag, rifle or sabre/sword to a prop does not make the prop a flag, rifle or sabre/sword – it is still a prop. Timing and Penalty judges have the right to inspect and challenge guards for authorized equipment either before or after the maximum performance time with permission of the Contest Manager.

4.3 Definitions of other allowed equipment

4.3.1 Color guards may manipulate their sound board by using a remote-controlled wireless device through a self-supplied network. IHSCGA will provide an area in or near General Effect judging area for one designated staff member to adjust the mix using wireless technology. The soundboard must remain in the competition area.

4.3.2 Performers playing musical instruments or singing using a 115/120-volt power source provided to allow amplification is permitted in the competition area.

4.3.3 World Class guards may use any electrical device within their program deemed safe by the Contest Manager. The Contest Manager has the ultimate decision of any electrical device in consultation with the President. Color guards should consult with IHSCGA office prior to using any equipment not specifically defined in these rules. Color guard will assume any liability for issues arising out of use of said electrical of said electrical devices.

Cadet, Divisional Regional A, Regional A, A & Open Class color guards may only use the electrical power sources provided as defined in Rule 4.3.2 (Use of amplification).

4.3.4 Battery operated devices using common off the shelf flashlight batteries (AA, AAA, AAAA, C, D, N, 9V and button cells) are allowed. Devices using dry-cell secondary "rechargeable batteries" including cell phones, cameras, MP3 players and computers are also allowed. Car and/or truck batteries are not permitted.

4.4 Definitions of prohibited equipment:

4.4.1 No pyrotechnics, discharge of arms, pressurized canisters, dangerous materials, flammable liquids or gas will be permitted in or around the competition area. Smoke machines and/or compressed air apparatuses will not be permitted.

4.4.2 Gasoline, electric or manual powered generators will not be allowed.

4.4.3 Use of lasers and flashcubes (electrical and chemical) will not be permitted.

4.4.4 Live animals shall not be allowed.

4.4.5 Use of powder, dirt or any other substance that lingers in the competition area past the interval time of the color guard shall be strictly prohibited.

4.4.6 Use of helium, including helium-filled balloons, shall be strictly prohibited.

4.4.7 No motorized vehicles will be allowed except for motorized wheelchairs used by disabled performers.

4.4.8 Use of glass objects is prohibited.

PENALTY: Ten point (10.0) penalty to Disqualification for use of any prohibited equipment

4.5 Props built and/or used, including drum major podiums, that measure over six feet (6') high and are used in such a way that result in a participant whose feet are more than six feet (6') above the competition area must have appropriate safety railings in place. Participants are prohibited from jumping or leaping off any prop that exceeds six feet (6') in height unless protective padding is in place or other adequate safety precautions are taken.

PENALTY: At the discretion of the Contest Administrator, including (but not limited to) prohibition of the use of the overheight/unsafe prop(s) or disqualification.

4.5.1 Lighting cannot be turned off in the competition area by a color guard.

PENALTY: DISQUALIFICATION

4.6 Tap and/or dancing shoes will only be allowed on a hard surface provided by the competing color guard. The hard surface will be properly padded (carpeting, foam, etc.) so as not to damage the floor. A "floor" or tarp alone is not proper padding.

PENALTY: Two (2.0) points each infraction.

4.7 The use of recorded music and/or live musical instruments is optional. Proficiency of playing shall not be judged but how the live music contributes to the overall design and effect of the performance may be reflected in the commentary. Musician's age must be consistent with Rule 1.1 under Eligibility.

5.0 CONDUCT OF COLOR GUARDS - TIMING

5.1 TIMING INTERVALS

Units will be scheduled to compete at a minimum of seven (7) minute intervals for Cadet, Divisional Regional A and Regional A Classes, eight (8) minute intervals for Class A, nine (9) for Open class and ten (10) for World class. Authorized equipment may be flags, rifles, sabres, or swords. Any weapon may be simulated. Injuries and/or instantaneous exchanges are included in authorized equipment time.

5.3.1 Authorized equipment must be IN HAND to be considered for accumulating authorized equipment time. (In hand means equipment must be in hand ready to be used, or being used. EXAMPLE: Saber hung at side with hand touching is not considered authorized equipment in hand.)

5.3.2 If any color guard member is visible to the adjudicators with authorized equipment in hand, the time counts as authorized equipment time.

5.3.3 A color guard member is considered visible as determined by the timing and penalty adjudicator with a view from the front sideline.

Penalty: One-tenth (0.1) of a point for each 3 seconds or fraction thereof.

5.4 If other than competing personnel are removing props or equipment, they may only do so at the obvious conclusion of the color guard's performance.

PENALTY: One-tenth (0.1) of a point for each 3 seconds or fraction thereof.
